# Roles our Employees Play in Revenue Management

## Front Medical Assistants

- Obtain patient demographics and insurance information
- Enters Patient information into EMR
- Verifies insurance prior to visit and delegated PCMP for Medicaid
- Collects patient's copays and statement balances

# Roles our Employees Play in Revenue Management

## Back Medical Assistant

- Add codes for services they provide( ex: labs, immunizations, etc.)
- Reviews superbill(claims) to ensure provider isn't missing codes for services provided
- Validates and corrects claim information prior to submitting to outsourced billing

# Roles our Employees Play in Revenue Management

## Nurse Practitioner

- Codes for diagnosis
- Codes for services rendered
- Validates and corrects claim information prior to submitting to outsourced billing
- Correcting billing based off denials

# LESSONS LEARNED

Key Components in Revenue Cycle Management

# Denial Management

- Understanding what is being billed vs what is being paid
- Using reports to identify common denials
- Providing training and education on common denials
- Working your denials in a timely manner
- If billing is outsourced work closely with outsourced company to understand denials and ensure that they are doing what is needed to resolve and manage denials **\*SELF ADVOCATE\***
- Understand your contracts for payers as well outsourced billing
- Verify eligibility prior to visit to ensure coverage and allow patients to work through coverage issues
- Monitor and follow-up on A/R

# Importance of Managing an A/R

- A/R is your aging report
- This will help you identify denials or open balances within certain date ranges
- This will help you manage working timely denials
- Allow you to identify large balances as well

# Importance of Denial Reports

## Reading the Remittance Advice (RA)

### EOB Codes

- The **Adjustment Reason Codes**; and
- The **Remark Codes** for denied claims & payment adjustments are located on the last page of the RA.

<b>Adjustment Reason Codes / NCPDP Rejection Codes</b>
16 : Claim service lacks information or has submission/billing error(s) which is needed for adjudication. Do not use this code for claim attachment(s) or other documentation. At least one Remark Code must be provided (may be comprised of either the NCPDP Reject Reason Code, or Remittance Advice Remark Code that is not an ALERT.) Note: Refer to the 835 Healthcare Policy Identification Segment (loop 2110 Service Payment Information REF), if present. 31 : Patient cannot be identified as one insured.
<b>Remark Codes</b>
N255 : Missing/incomplete invalid billing provider taxonomy. N280 : Missing/incomplete invalid rendering provider primary identifier.

- The complete list of Federal codes can be located on <http://www.wpc-edi.com/reference/>

- Denial reports will give you your ERA codes from the 835 files (Remittance Advice)
- This will allow you to identify common trends in denials

# Training and Education

- Provide clear on boarding training
- Clarify roles and responsibilities
- Provide education on how every ones roles and daily functions play a role in revenue
- Ensure front desk understands patients benefits and covered services and provide on going training as insurances change
- Provide education to staff regarding frequency limitations
- Provide ongoing training for providers on coding, common denials, and findings when doing on-going audits

# Staffing and Clinic Flows

- Understanding of generated revenue for each clinic based off data from previous months and normal trends
- Staffing clinics based off of clinic volume and generated revenue
- Adjusting clinics based of needs and demands to generate additional revenue
- Set productivity based on revenue and needs
